

This year's Mukuvisi March is happening wherever you are!

We loved seeing you last year in the beautiful Mukuvisi Woodlands for this exciting event, held in conjunction with the Saving the Elephants 5K & 10K Run/Walk in New York! But, with current Covid-19 social distancing requirements and public gathering restrictions in Zim, we are planning an exciting *virtual* event! You can join hundreds of runners, joggers and walkers worldwide and do your bit to help protect the Zambezi Valley's wonderful elephants and other wildlife species.

Register now for the Saving the Elephants 5km & 10km Run/Walk – you can take part any time between 19-26 September 2020

Even in such challenging times, there is a way we can all continue to support the ongoing efforts of ZEF's partners on the ground in the Zambezi Valley! And this is it!

[Sign up today](#) and [share](#) this message with your friends!

Let's get going, Zim - we've got this!

Challenge Your Friends!

Zambezi ELEPHANT FUND

The Zambezi Elephant Fund (ZEF) works to actively protect elephants in the Zambezi Valley, Zimbabwe by putting a stop to poaching and developing and putting in place systems that ensure the long-term safety of these incredible animals and the security and growth of other wildlife in the area, together with the growth of local communities, protection of the environment and the improvement and sustainability of these efforts.
